

the **French House Party** experience

More about the accommodation

Domaine St. Raymond is a beautiful, spacious house with gardens, a large swimming pool and a tennis court. We have a supply of bicycles – and the road is flat right down to the Canal du Midi towpath! There's table-tennis, a pool table and even a set of boules.

Living Area

The open-plan living space has an Art Deco design, with floor-to-ceiling arched windows, a central, glassed-in staircase and indoor plants and trees which reach almost to the roof. A galleried landing running around the perimeter of the first floor overlooks the raised dining area. Double glass doors at the rear open into the pool and its surrounding areas.

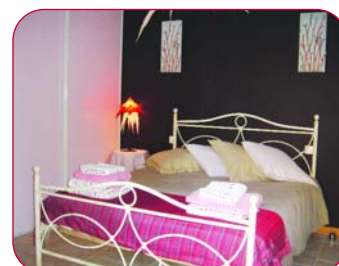

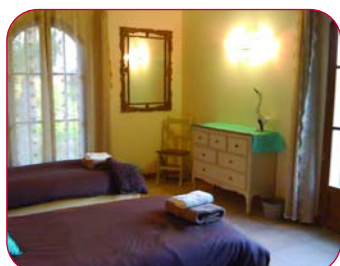

On the ground floor the large sitting area has comfortable sofas and an open fireplace for log fires. There is a pool-table and a classic 1950s juke-box for those who hanker after the Beatles, Elvis and Chuck Berry. .

The Kitchen

Large, bright and airy, St Raymond's kitchen has plenty of storage space, electric oven and hob, a dishwasher, microwave and two refrigeration/deep-freeze units, together with a corner breakfast-bar.

Swimming Pool

We have a large pool with paved and grassed surrounds and a covered barbecue and outdoor dining area which occupies the far end of the gardens.

Bedrooms

Domaine St. Raymond can accommodate 16 guests. All bedrooms have en-suite shower-rooms and, in the case of the Olive room, an additional bath. All towels and linen are provided and each room has a hairdryer and CD player.
